Review stage

Developmental editing author review

Your Edited Manuscript

The attached DOCX is the edited manuscript prepared for your review.

What Was Completed

- Developmental editing author review materials were prepared for author review.
- The manuscript was cleaned to remove internal production-only material while preserving the edited manuscript content.

Items Requiring Your Attention

- The developmental pass focuses on structure, theological clarity, pacing, chapter progression, and author-intent questions before later line-level work.
- Please review chapter flow, quoted or referenced material, names, factual details, and any places where the editorial direction changes meaning.
- Reply with approval, corrections, or clarification requests so the team can close this review stage cleanly.

How to Review

Please review editorial changes; comments or questions; names, dates, facts, and references; areas requiring clarification; and any substantive revisions.
