## Review stage

Proofreading author review

## Your Edited Manuscript

The attached DOCX is the edited manuscript prepared for your review.

## What Was Completed

- Proofreading author review materials were prepared for author review.
- The manuscript was cleaned to remove internal production-only material while preserving the edited manuscript content.

## Items Requiring Your Attention

- This author review manuscript preserves the approved proofreading text for author review.
- Please review dated entries, headings, spelling, names, references, and any wording that should be corrected before the next production movement.
- The corrected interior proof remains separately governed; this package is limited to author review materials.

## How to Review

Please review editorial changes; comments or questions; names, dates, facts, and references; areas requiring clarification; and any substantive revisions.
