

Volume I Proofreading Review Package

Good day, Jackie,

Your proofreading package for Volume I of The Intentional Leader is ready for review.

Please review the proofread manuscript for final reader-facing corrections. At this stage, we are looking for typographical, formatting, continuity, or clarity issues that should be corrected before production.

When you are ready, please reply to the publishing team with one of the following:

- Approved for production preparation
- Approved with proofreading corrections
- Please discuss before proceeding

No production files will be released until your proofreading response is received and recorded.

Warmly,

J Merrill Publishing
