

The Intentional Leader, Volume I

Copyediting Review Package

Good day, Jackie,

The Volume I manuscript has completed copyediting. This pass focused on grammar, punctuation, consistency, style-sheet alignment, and mechanical clarity while preserving the author-approved line-edited voice, structure, and devotional movement.

Inside this review package, you will find:

- The copyedited Volume I working manuscript.
- A brief summary of the copyediting pass.
- Confirmation that no author queries were created during copyediting.
- Confirmation that no factual or rights flags require your response at this stage.
- A note that proofreading has not begun and will remain separate from this review.

What Was Completed

Copyediting reviewed all 91 daily readings and all 91 Soul Dive sections for Volume I, covering January 1 through March 31. The work was limited to correctness, consistency, punctuation, grammar, usage, and style-sheet enforcement.

What Changed

One mechanics-level correction was tracked internally. The correction repaired a sentence-level grammar issue while preserving the meaning and tone of the author-approved line-edited manuscript.

What We Need From You

Please review the copyedited manuscript and reply to the publishing team with one of the following decisions:

- 1 Approve the Volume I copyedited manuscript for proofreading.
- 2 Approve with bounded copyediting corrections.
- 3 Request a discussion before proofreading begins.
- 4 Pause before making this decision.

Proofreading will not begin until your author response is received and recorded.

Warmly,
J Merrill Publishing
